

FOR IMMEDIATE RELEASE

## Richelieu Introduces their new 2022 Collection Catalog of Decorative Hardware

Richelieu, the specialty hardware and manufacturing company, is proud to introduce its new catalog featuring new pulls and knobs in a wide range of trending styles and finishes. As the most complete collection of cabinet hardware on the market, Richelieu offers unparalleled quality craftsmanship, unique styles, and breathtaking designs that everyone will love.

Montreal, QC—The new 2022 Collection catalog from Richelieu is filled with unique, on-trend designs in sought-after finishes with a wide choice of pulls and knobs in traditional, transitional, and contemporary styles from clean simple lines to distinctive details.

Richelieu is introducing a bold array of new finishes, a variety of materials, as well as unique shapes and textures in a range of sizes to suit every project need.

The Richelieu product team works closely with the most forward-thinking suppliers, who are global leaders, renowned for their innovative designs and cutting-edge technologies. The 2022 Collection catalog includes several of Richelieu's original designs as well as pieces from collaborating national and international designers. It's no wonder Richelieu has earned KBB's Readers' Choice Award for the past eight years.

**The 2022 Collection catalog is available for download on Richelieu.com:** <https://www.richelieu.com/QR/B/1001815> or as a printed copy from your sales representative.

Richelieu is a leading distributor, importer and manufacturer of specialty hardware and complementary products for over 50 years. Offering a broad mix of more than 130,000 products sourced from suppliers around the world, Richelieu serves a customer base of more than 90,000 manufacturers and retailers through a network of 93 centers across North America and a high-performance e-commerce website. Richelieu remains at the forefront of design, style, and innovation for 21st-century lifestyles.
