

## Get to know the CKCA Board of Directors

**Giuseppe Castrucci**

**CKCA Board Member**

**Past VP, Sales & Marketing**

**Laurysen Kitchens**

[ckca.ca/about/board-of-directors](http://ckca.ca/about/board-of-directors)

### **You have now served over 4 years on the board. Why did you engage by serving on the CKCA Board and what compelled you to stay?**

My motivation was to help address the labour shortage in our industry. I stayed on due to the fact that we are faced with so many pressing issues that I wanted to continue to help the CKCA.

### **Biggest advantage to being a CKCA member?**

The biggest advantage of CKCA membership is the ability to learn and network with other kitchen cabinet companies in a friendly manner and through attending different plant tours.

### **What would you say to others in the industry who might consider a position on the Board in the future?**

Join the Board! You will not be disappointed and, in fact, you will walk away more informed about our industry and the challenges we face.

### **What have you enjoyed most about being on the Board?**

I have enjoyed the people on the board and the members who have become friends outside the CKCA.

### **Thoughts for the future of the organization?**

The CKCA has to become the voice of our industry and form alliances with other associations to protect our Canadian manufacturing industry and the jobs that are created and maintained by all the various family owned and corporate members.
