

Blum EuroCucina 2026 Trip – Inspirations to Remember

Blum and CKCA are collaborating to bring you the best experience.

In preparation for EuroCucina 2026, Blum and CKCA have partnered up to give you a lifetime experience during your European tour.

Sponsored by Blum Canada, you'll be our guest for three days in Austria and the region. Starting with picking you up at Zurich airport, the first day will involve a journey to Austria and a dinner with Blum's staff.

After a refreshing night, we will show you where it all happens. We will head on day two to the Blum factory, showroom, and apprenticeship program tours. During the tours, you will have exclusive access to see the processes and step-by-step manufacturing that create our products. The guided tour will showcase not only how our products are used in cabinets, but also how we transform them from a metal sheet to the final end product.

The tour provides insights into the manufacturing process, which not only adds a lot of knowledge but also inspires and gives you ideas to implement at your own factory and shop. Part of the tour is also Blum Austria's showroom and experience center.

After the two days, the third day will focus on experiencing the region. Unique experiences have been lined up for you. We will leave the photos to do the talking on this one!

Inspired, entertained, and informed, you will be ready for the EuroCucina like you've never been before!

This trip has been organized with CKCA's support. We hope you enjoy this edition and come back ready to take on new ideas and inspirations for your business and team.
